

## **ANNEX 2 – APPLICABLE RULES TO ELIGIBLE COSTS**

### **1. UNIT CONTRIBUTIONS**

**Place of origin:** the place where the sending organisation is located.

**Sustainable means of transport:** bike, bus, car-pooling, and train. The National Agency may accept other means of transport as sustainable based on established practice and on a case-by-case basis.

Travel unit contribution for sustainable means of transport (green travel) is eligible if sustainable means of transport have been used for the majority of the round trip.

**Unit contribution per distance band:** the amount paid for a return travel between the place of departure and the place of arrival.

**Venue:** the place where the receiving organisation is located. If a different place of origin or venue is reported, the beneficiary must provide the reason for this difference.

Travel time will not be considered when determining compliance with minimum eligible duration of mobility activities specified in the Programme Guide.

#### **1.1 Travel**

##### **a) Calculation of the total unit contribution:**

The total unit contribution for travel support is calculated by multiplying the number of participants accompanying persons, facilitators and group leaders per distance band, by the unit contribution applicable to the distance band concerned and type of travel (standard or sustainable means), as specified in Annex 3 of the Agreement.

In the case of itinerant activities, the total unit contribution is calculated by multiplying the number of participants per distance band corresponding to the total of sum of the distances between individual venues by the unit contribution applicable to the distance band concerned and type of travel (standard or sustainable means), as specified in Annex 3 of the Agreement.

For the establishment of the distance band applicable, the beneficiary must indicate the distance of a one-way travel using the on-line distance calculator available on the Commission's website at:

[http://ec.europa.eu/programmes/erasmus-plus/tools/distance\\_en.htm](http://ec.europa.eu/programmes/erasmus-plus/tools/distance_en.htm).

The total unit contribution for travel support is calculated by the beneficiary in the Erasmus+ reporting and management tool based on the applicable unit contribution rates.

##### **b) Triggering event**

The travel support is paid only if the participant has actually undertaken the activity.

##### **c) Supporting documents**

Proof of attendance of the activity in the form of a declaration signed by the participant including trainers, facilitators, group leaders and decision makers and accompanying person, by the receiving organisations, and specifying the name of the participant/accompanying person the purpose of the activity, as well as its starting and end date.

In addition to the supporting documents mentioned above, in case of use of sustainable means of transport (green travel): a declaration on honour signed by the person receiving the travel grant will serve as supporting documentation. Participants should be informed of their duty to keep the proof of travel (transport tickets) and to provide it to the beneficiary, if requested.

If the starting point of travel is different than the place of origin or the end point is different than the venue, the beneficiary must report the reason for this difference. In case no travel took place or the travel was funded from EU sources other than the Erasmus+ Programme, the beneficiary will indicate in their report that financial support for travel is not required.

## **1.2 Individual support**

### **a) Calculation of the total unit contribution:**

The total unit contribution is calculated by multiplying the number of days per participant and accompanying person including decision makers, group leaders, trainers and facilitators] by the unit contribution applicable per day for the receiving country concerned, as specified in Annex 3 of the Agreement. Travel days may be added if relevant for a specific activity.

In case of an interruption during the stay, the period of the interruption will not be counted when calculating the individual support grant. In case of interruption due to *force majeure*, the participant must be allowed to resume and continue the activities after the interruption (within the conditions established in this Agreement).

In case of termination of the agreement by the participant due to *force majeure*, the participant must be entitled to receive the amount of the grant corresponding to the actual duration of the mobility period. Any remaining funds must be refunded to the beneficiary, except if agreed differently by both parties.

### **b) Triggering event:**

The individual support is paid only if the participant has actually undertaken the activity for the specified period.

### **c) Supporting documents:**

Proof of attendance of the activity in the form of a declaration signed by the participant and by the receiving organisation specifying the name of the participant, the purpose of the activity, as well as its starting and end date.

For staff: Proof of attendance of the activity in the form of a declaration signed by the receiving organisation, covering also the virtual components in the case of blended mobility, and specifying the name of the participant, the purpose of the activity, as well as its confirmed physical start and end date

For students: Documentary evidence issued by the receiving organisation, covering also the virtual components in case of blended mobility, and specifying:

The total unit contribution is calculated by multiplying the total number of participants with fewer opportunities in mobility activities by the unit contribution applicable, as specified in Annex 3 of the Agreement.
