

Dear colleagues,

We, the NA-PAD, are happy to announce that a third conference for National Agencies and course providers will be held in Cologne on 16 and 17 June. The (TCA) conference's title is "**Towards high quality in KA1 mobility projects for school education staff - a dialogue between National Agencies, Course providers and Schools**". As the title suggests, we would like to extend the field of participants this year to headmasters of schools being experienced in carrying out KA1 projects, so that schools are given the chance to bring their needs and perspective into the discussion. It would be up to you to invite (and pay for) up to two school representatives from your country. We will also be joined by colleagues from European Schoolnet (responsible for the School Education Gateway) and the European Commission.

Before the conference, i.e. on June 15 from 4-6 pm and on June 16 from 9-11.30 am, we would like to hold meetings with the NA colleagues being in charge of KA1 School Education where we can exchange our experiences and maybe clarify some issues (mini-informal-KA1-SE-meeting). We propose that one slot should have a technical focus while the other slot should deal with content-related aspects (please find the proposed topics attached).

If you want to participate in the conference, please fill in the pre-registration form before mid-April: <https://sphinxdeclic.com/d/s/6jtq6j>

We will contact the course providers who took part in the last two conferences. Please feel free to forward the attached draft concept to course providers in your country who might be interested in attending this year's conference.

We are looking forward to welcoming up to 100 participants in June in Cologne. The participation fee will be 150 Euro and cover all meals and drinks in Cologne and the hotel cost for one night.

Best regards

Stefan
